

Information on the Corona situation for presential events of AZEK and SFAA

Situation as per October 01, 2021

Courses and examinations in presential format (AZEK Diploma courses)

All in-class teaching courses conducted by AZEK are **subject to certificate obligation**.

According to the Covid-19 ordinance special situation of September 9, 2021, preparatory courses as well as the execution of Federal examinations are considered as events. For indoor events, certificate obligation applies.

Against this background, the certificate requirement applies to the classroom teaching of all courses and to all examinations carried out in classroom format. During the courses and examinations, the requirement to wear a mask does not apply.

Indoors (with the exception of classrooms or examination rooms), masks are still compulsory, and the distance rules must be observed.

Presential events of the SFAA

For the events of the SFAA in presence format, the rules of the respective location apply.
